

MYANMAR FOOD SECURITY CLUSTER

Presentation on Strategic Positioning Options for 2023 and Practical
Tools

info.myanmar@fslcluster.org

Townships by prioritization groups

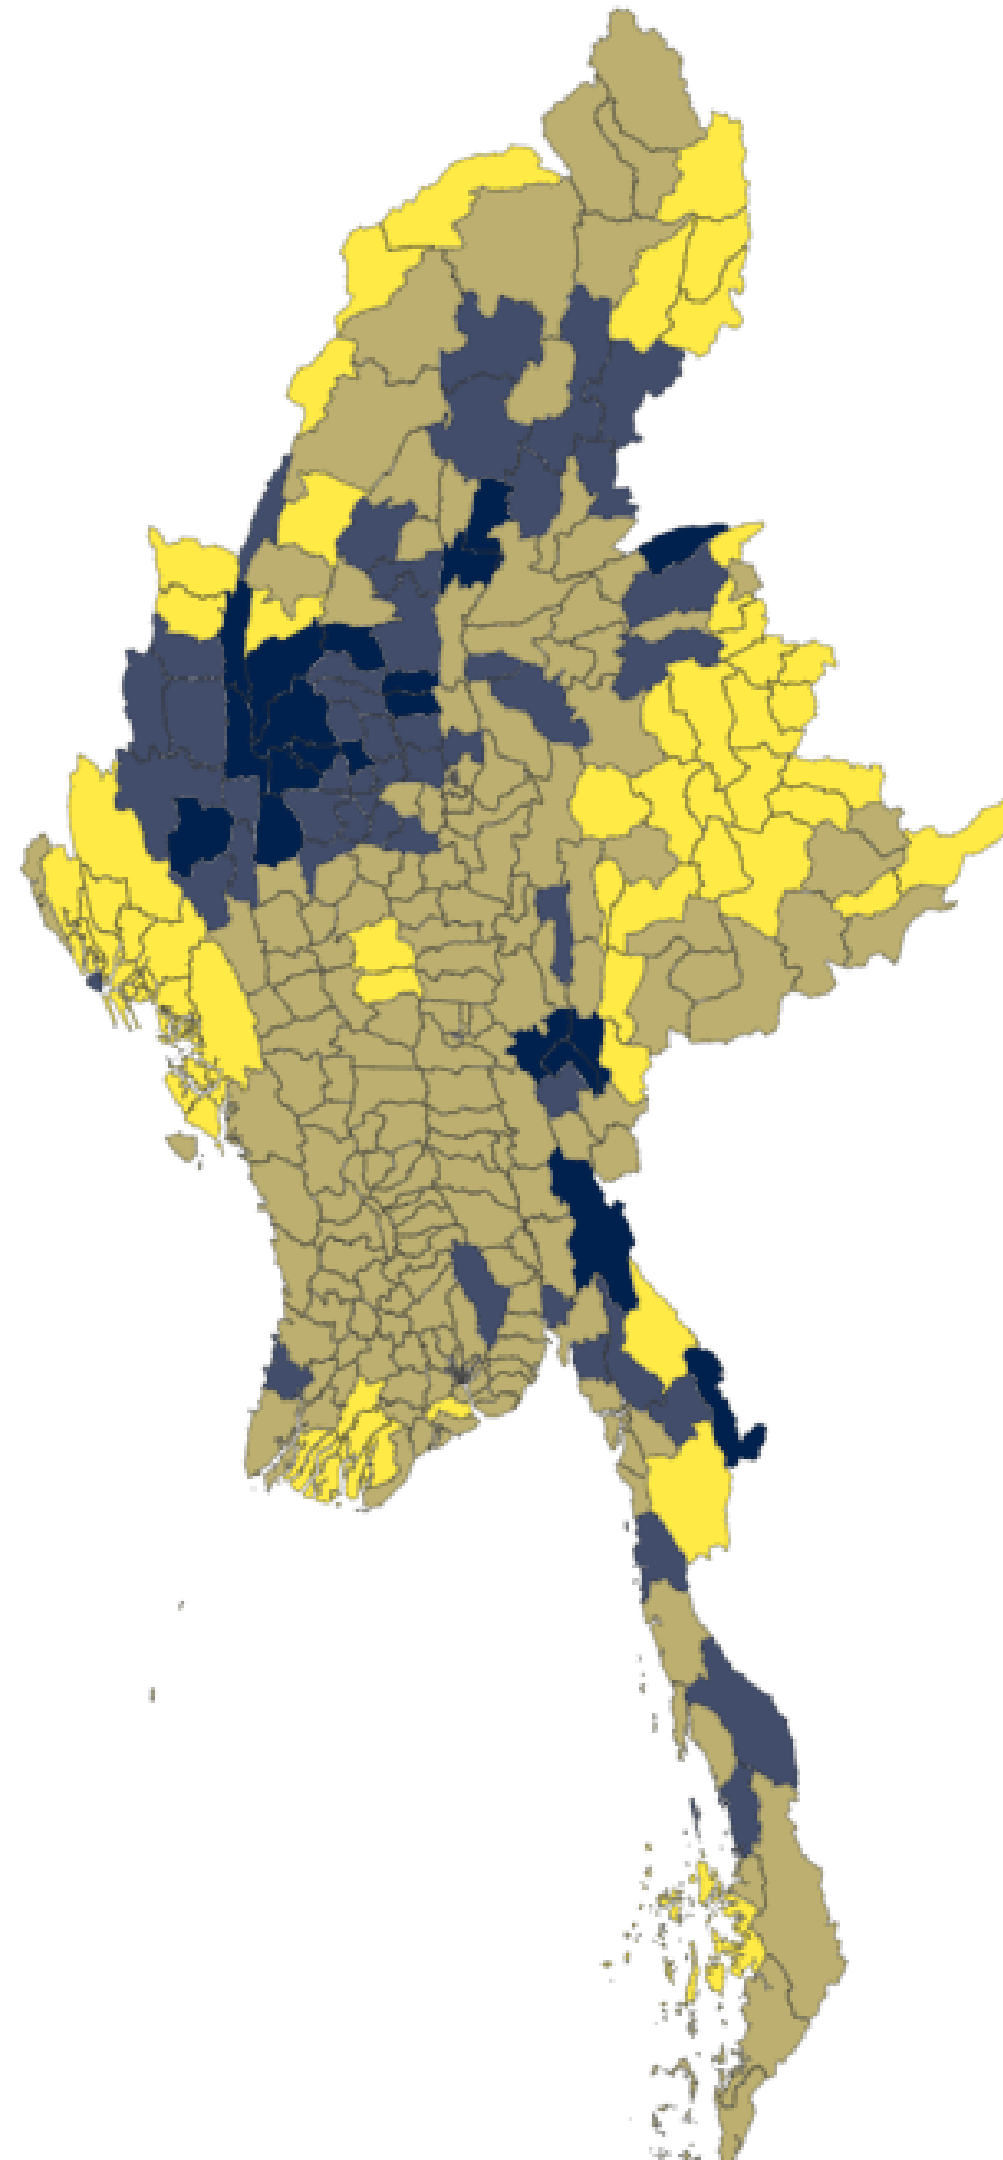

CONFLICT + MULTIDIMENSIONAL
VULNERABILITY

Category A

Category B

Category C

Category D

TYPE 1 INTERVENTIONS:**Phase 1:** Onset – up to one month

Blanket distribution. Bimonthly. Min commitment 1 month

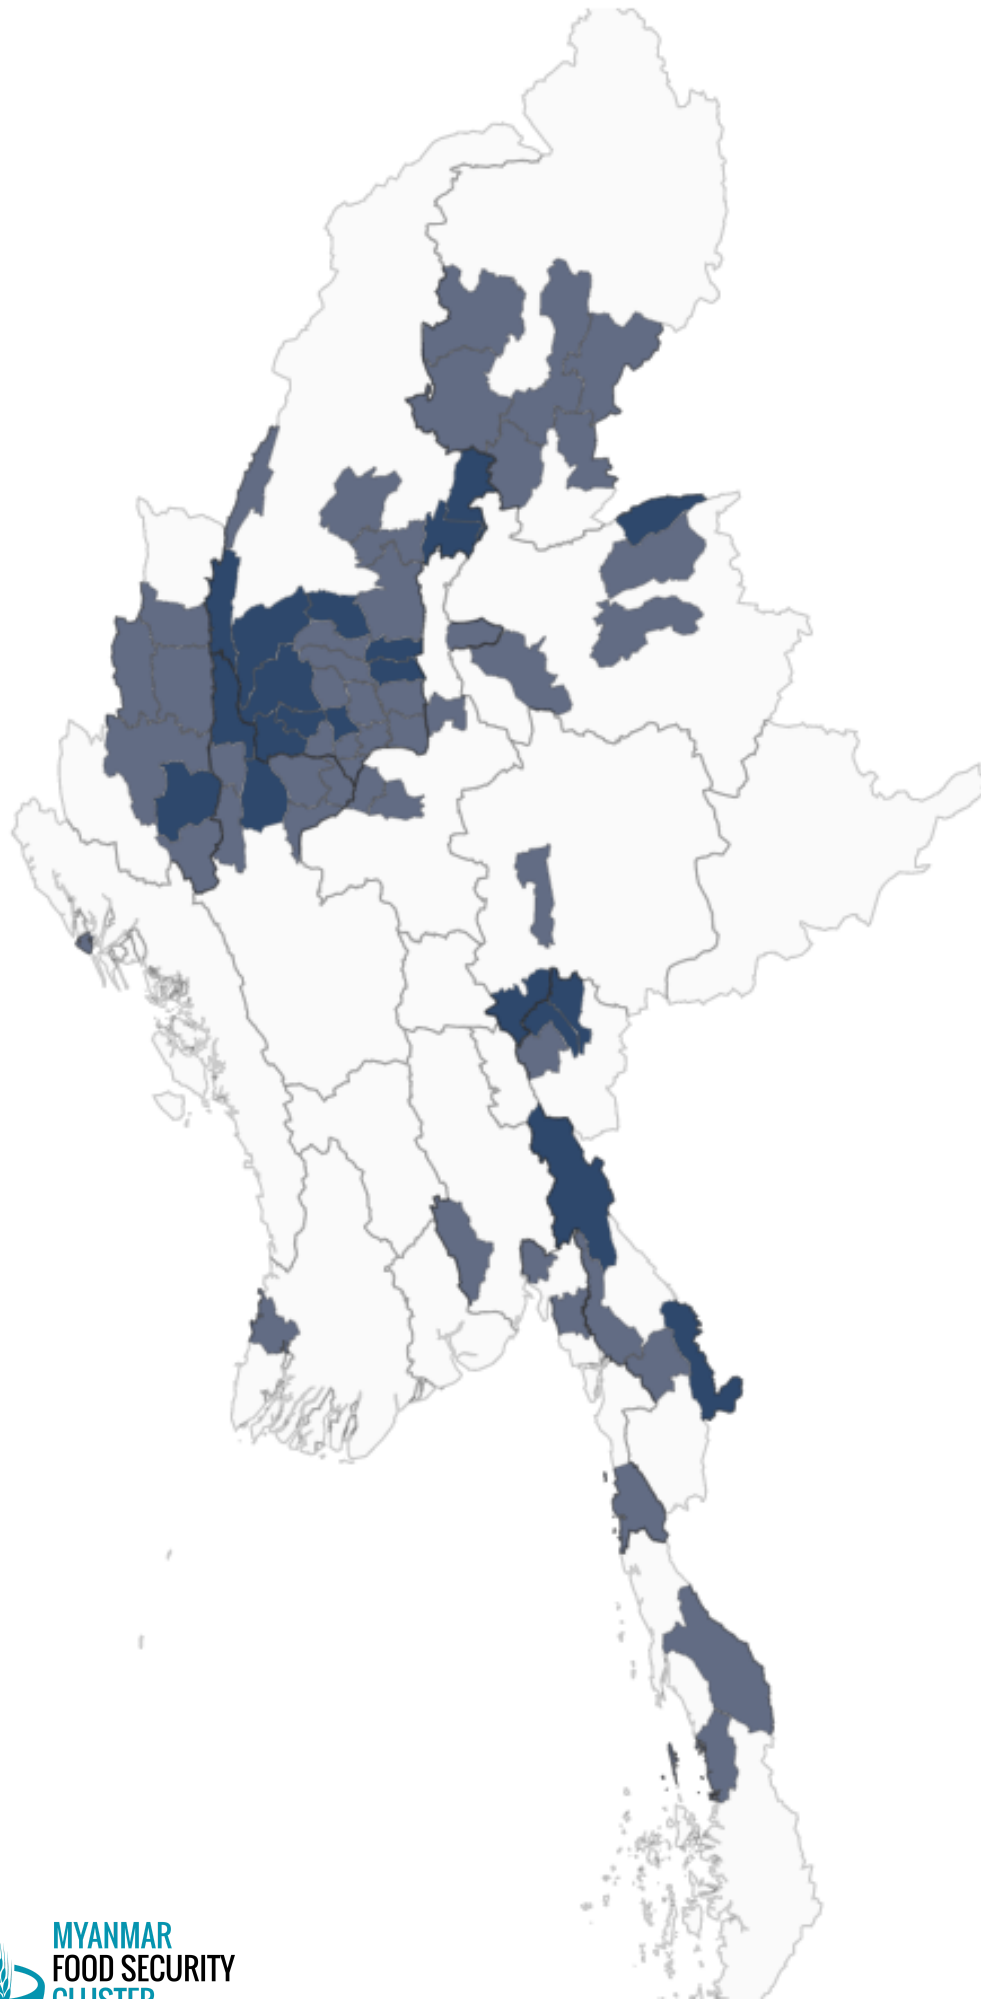

- Type of assistance: Ready to Eat Rations
- Content: covering the needs for 10/15 days
- Format: Individual packages and packages for a HH of 5
- Assumption: people are on the move and have no access to cooking utensils

FOLLOWED BY**Phase 2:** One month - up to 3 months:

Blanket. Monthly. Minimum commitment 3 months

- Type of assistance: In Kind Food Basket or equivalent in cash
- Content: covering food needs for 30 days
- Format: packages for a HH of 5 and individual top ops
- Assumption: people received NFI kits, are static for in the short term

- **Targeted population groups:** IDPs
- **Targeted areas:** Displacement areas and areas of active conflict
- **Recommended Townships:** Kale, Monywa, kani, Khin-U, Yinmarbin (Sagaing), Demoso, Loikaw (Kayah), Muse (Shan), Pauk, Gangaw, Yesagyo (Magway)...

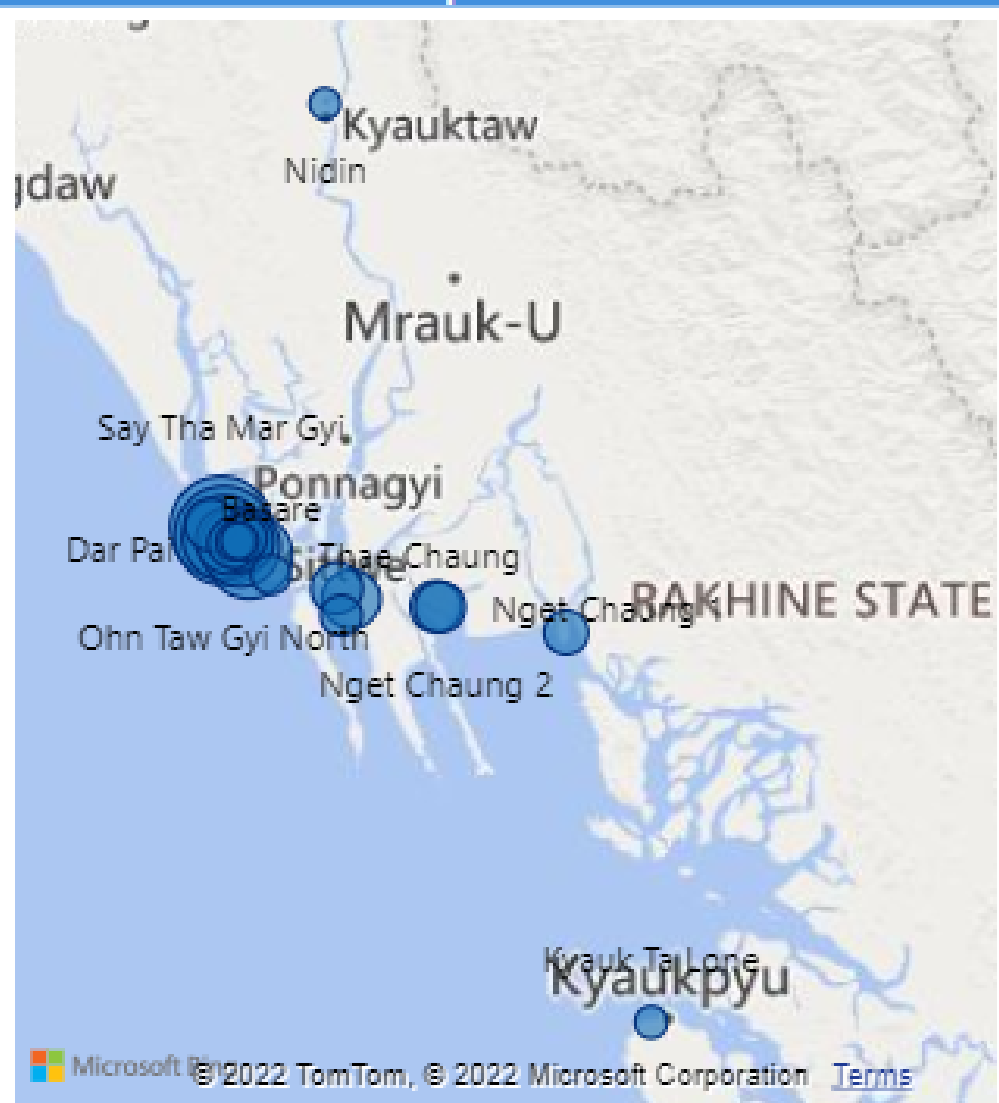

state	township	total_population	FS_pin_2022	beneficiaries_2022	FS_target_2022	conflict_ranking	flood_ranking	vul_score_2019

Camp location

TYPE 2 INTERVENTION:

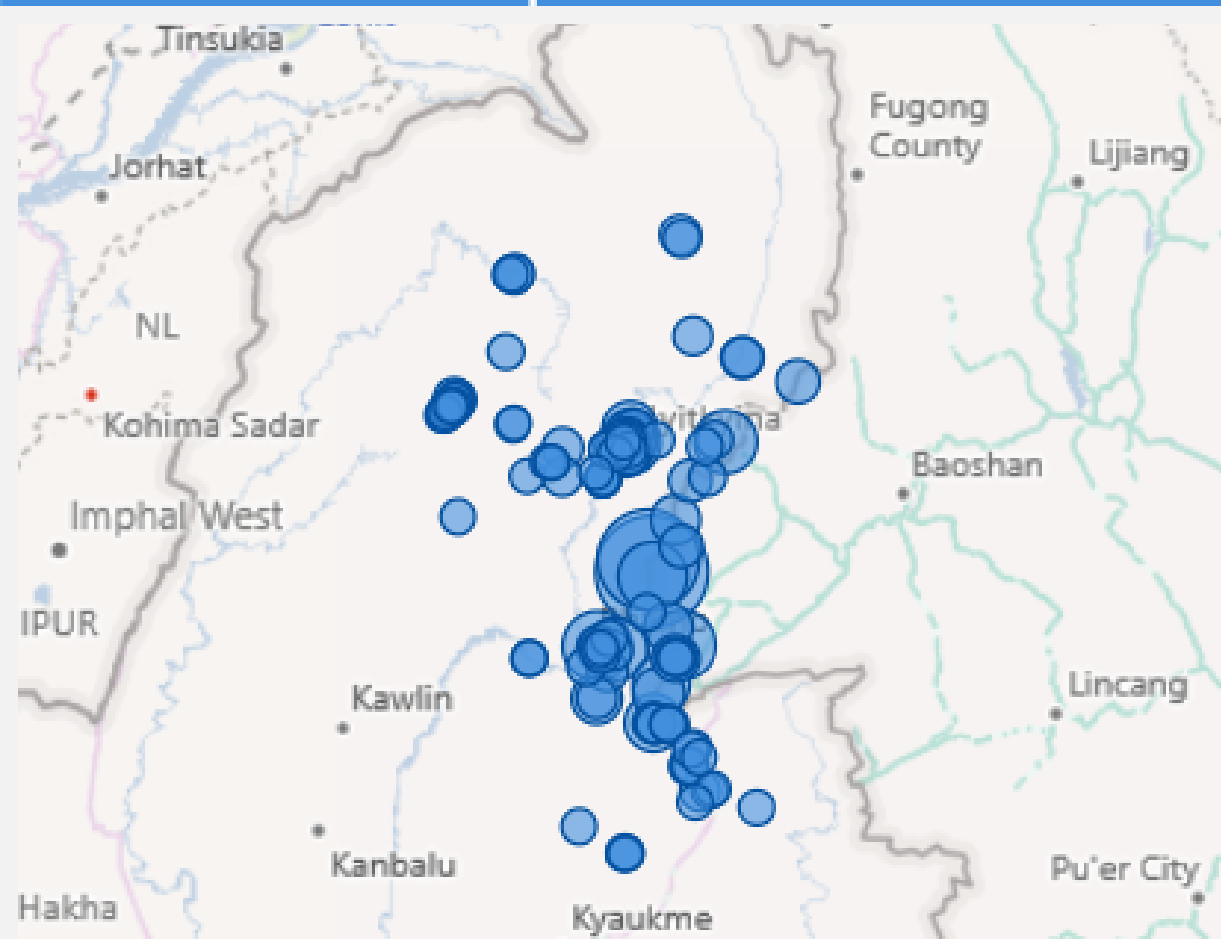

Protracted Camp Responders

Minimum commitment 6-12 months

- Type of assistance: In kind FB OR cash ONLY IF markets are available/close vicinity and people have freedom of movement, hot meals (whenever feasible through common kitchens)
- Content: covering food needs for 30 days
- Format: packages for a HH5 + individual top ups
- Central Rakhine caseload 24.000 HH roughly out of which 49% are children
- Kachin & Northern Shan: 142 camps (18.000 HH) and 172 IDP site (22.000 HH) regrouping more than 2000 + PWD

- BLANKET distributions
- Targeted population: all camp residents

IDP Camp/ Site location

Supplementary assistance:

A) Fresh Food vouchers

Targeted population: selection criteria of most vulnerable (PLW women, people with chronic diseases, elderly, children <5)

B) HEB, plumpy doz and other nutrition interventions

Targeted population: in conjunction with MUAC screening and availability of health clinic to refer critical cases

TYPE 3 INTERVENTION:

Out of camp (urban areas)
3-12 months cycles

1. **Objective:** Improving FS at HH level

- **Types of assistance:** micro credit, kitchen garden kits, emergency employment, vocational training, MPCG (with minimum cycle of 6 months), IGAs (cash for work, small business grants, food processing activities targeting female headed HHs).
- **STRICT Selection criteria:** priority to the most vulnerable PWD, single headed HHs, GBV survivors...TBD by the technical working group
- **Recommend Townships:** Insein, Hlangtharya, Kyeemyindaing, Daubon, Shwepyithar, Pyigyitagon (Yangon), Chanmyathazi (Mandalay)

UID

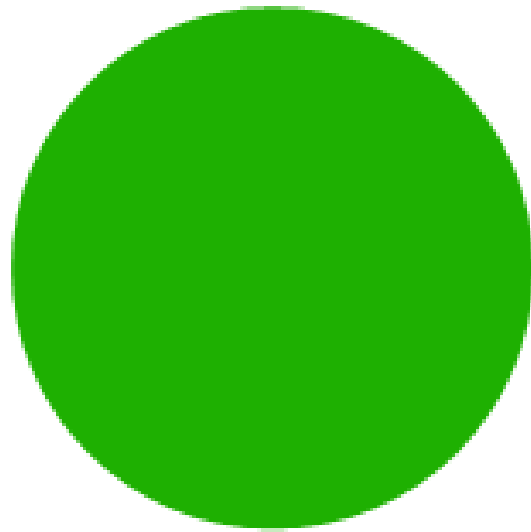

Unique Beneficiary Identifier

What is it? What are its added values?

Brief overview

Types of Data / Information

Non-Sensitive

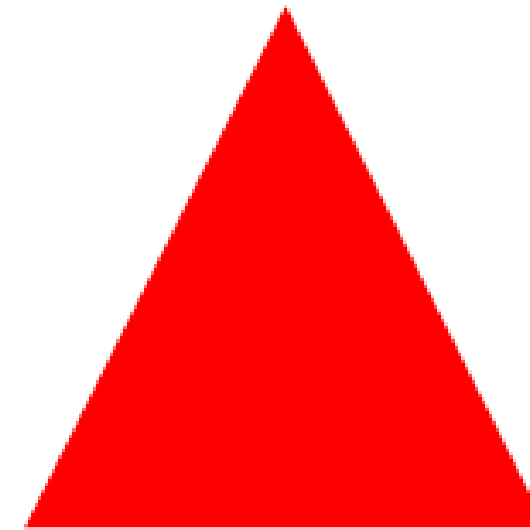

- Rapid Needs Assessments
- Context Analysis
- Open source data

Potentially Sensitive

- De-identified HH data
- Financial / ops records

Sensitive

- Personally Identifiable Information

Foundations for Shared Data Management

- **Harmonized** processes / logic
- Clearly articulated purposes & needs for sharing data

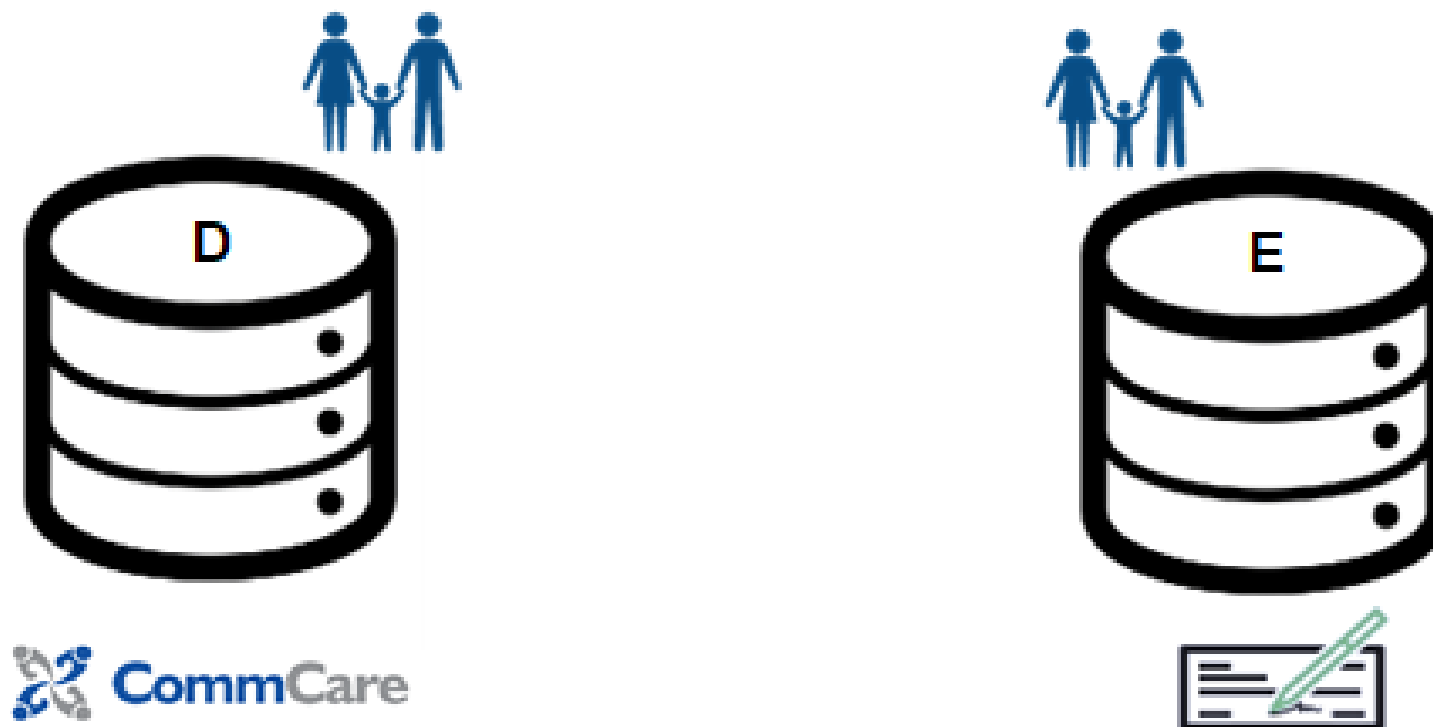

- Data Sharing Agreements, SOPs
- Memorandums of Understanding
- Other governance structures

.....**TRUST!**

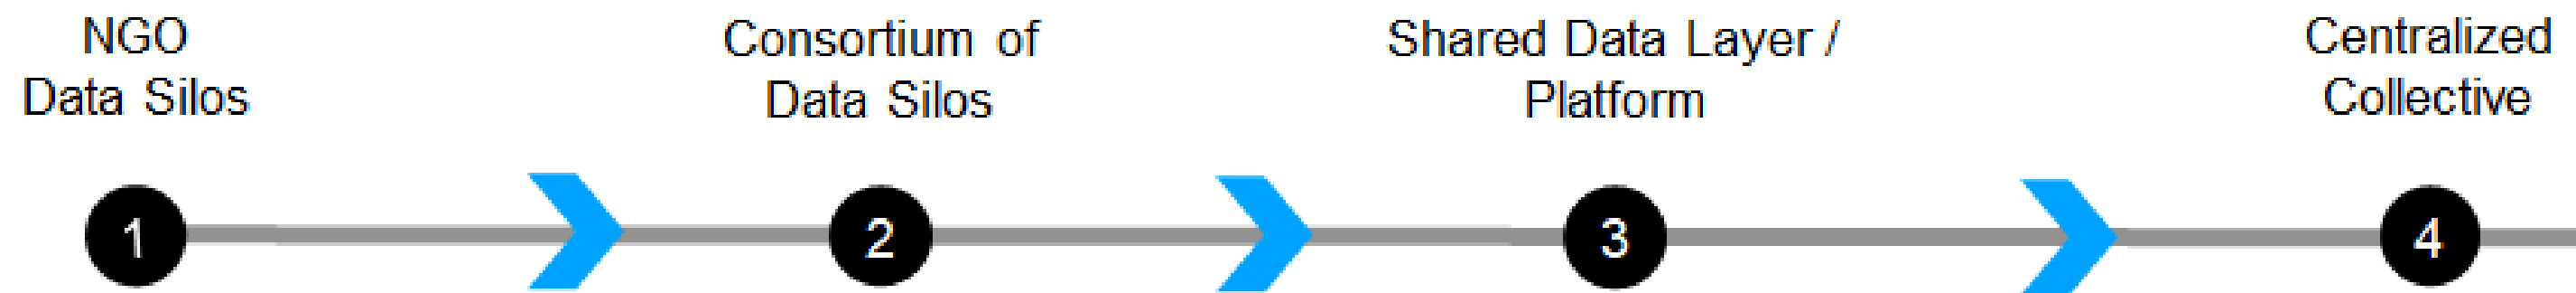

Each NGO has separate data systems - SILO

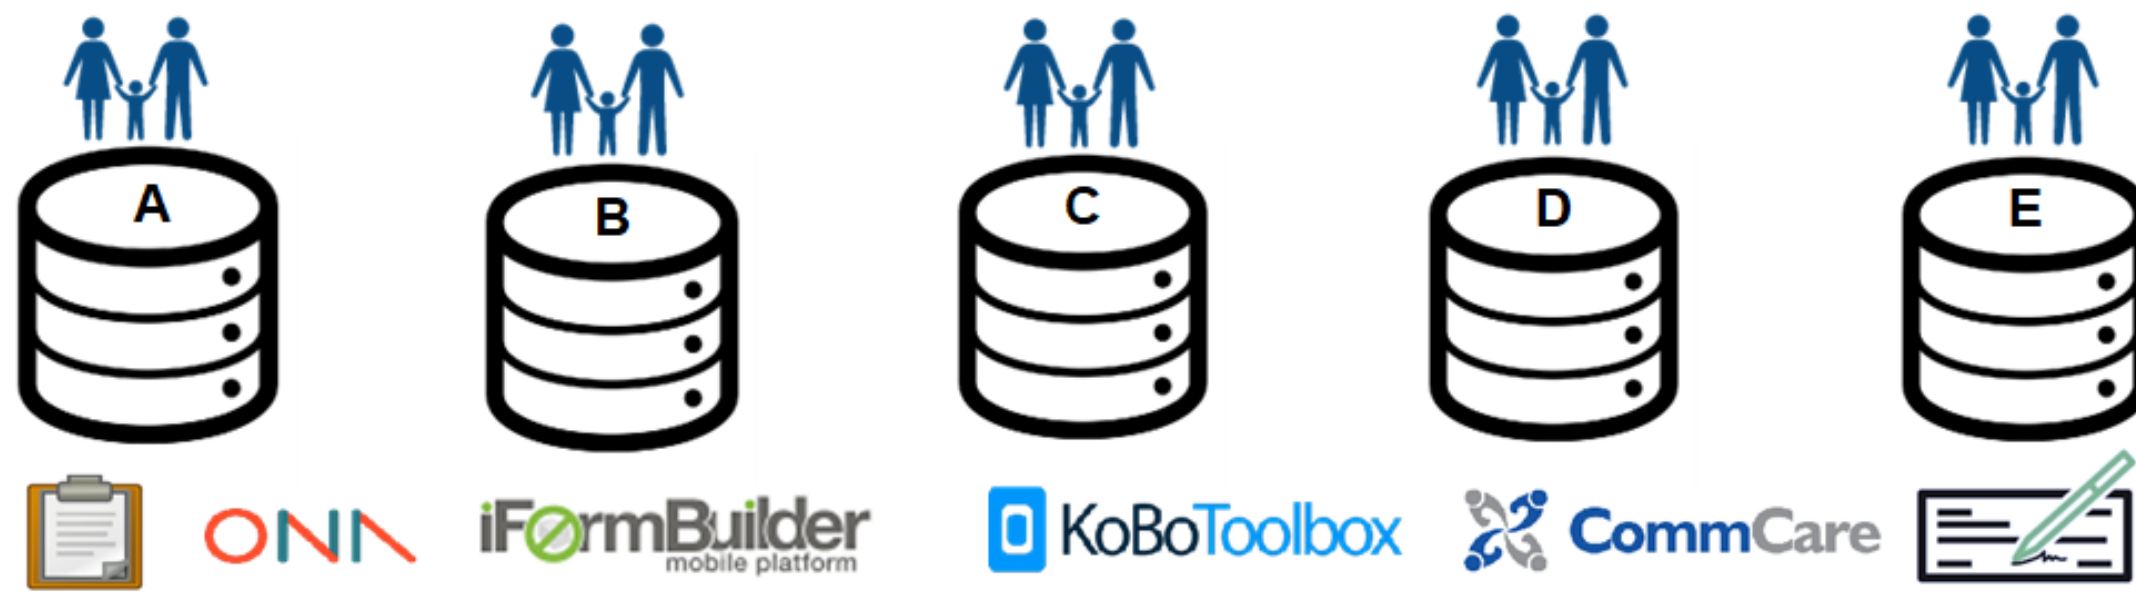

*Same household - stored in **different** systems*

Data Management Spectrum

Household Level:

- Household ID
- Household Name
- District
- State
- Village
- Village GPS Coordinate
- Household Size

Individual Level:

- Last Name
- First Name
- Household Role
- Gender
- Document Type
- Document Num
- Date of Birth
